

Municipality in Drohobycz  
Division XIV  
MUNICIPAL WORKSHOPS

Drohobycz, November 3, 1942

To Mr

commander of the security police  
and S.D. in Galicia District

Branch Office DROHOBYCZ

Our municipal workshops in Drohobycz produce bullet baskets for the Wehrmacht in execution of the war order of the O.K.H. Berlin-Sonderstaffel SS 870/42.

We must ensure that we ourselves have the basket willow material required to produce the same. For this purpose we send 22 Jewish workers according to the following list to the village of Hordynia near Sambor, where the willow plantations located there are made available to us for cutting the willows.

The pruning and transport of the wicker will be carried out during November 1942.

We therefore ask that the Jewish workers mentioned above be given appropriate certificates and that the Schulze and the other local authorities of the Hordynia community be instructed to ensure that their work is carried out undisturbed and at the same time that a suitable hostel and food supply are provided.
